## **Introduction**

Abu Dhabi Global Market (“ADGM”) was established pursuant to Abu Dhabi Law No. 4 of 2013 as a financial free zone in the Emirate of Abu Dhabi, with its own civil and commercial laws. ADGM offers market participants a world-class legal system and regulatory regime.

This document has been written to guide potential registrants through the process of registration. This document gives a comprehensive step by step guide to the practicalities of setting up business in ADGM, providing greater understanding of what is required from the potential registrants and highlighting some of the issues to be aware of.

The Registration Authority will do all that it can to ensure that the process of registration is as easy and as seamless as possible.

### ***Registration Authority Office***

The Registration Authority (the “Registrar”) is one of the core pillars of ADGM. The Registrar is an independent body which has the powers to license and register the ADGM establishments. The Registrar’s office is located at 3rd floor, ADGM Building, Abu Dhabi Global Market Square, Al Maryah Island, Abu Dhabi, United Arab Emirates.

### ***The Registrar’s main functions under Companies, Limited Liability Partnership and Commercial Licensing Regulations***

- Registration of ADGM establishments
- Registration of business names and maintenance of register
- Registration of post-incorporation documentation and event-driven filings
- Registration of changes in business name particulars
- Registration of changes in directors, officers, shareholders, partners/members and share capital
- Enforcement, prosecution and strike off, dissolution or restoration of ADGM establishments
- Cancellation of Commercial Licenses, amendment, suspension, etc.

## **Formation of partnership in ADGM**

### ***Step 1: Pre-approval process***

Customers who are interested in setting up a Limited Liability Partnership (“LLP”) in ADGM must contact the ADGM’s Business Development team who will provide initial assistance to the customers.

The business development team will request certain information and documents that will help them assess the customer's eligibility to be registered and conduct business in ADGM. These include the partnership's business plan and proposed management team and other information or document that they see fit.

Customers who wish to be registered as financial service providers must contact and obtain approval from Financial Services Regulatory Authority ("FSRA") prior to the incorporation of Limited Liability Partnership.

### ***Step 2: Reserve a partnership name***

Every application for the registration of an LLP must be preceded or accompanied by an application to reserve a proposed name of that LLP.

An application to reserve a partnership name must be submitted to the Registrar along with relevant requirements and fee. Reserved name must be used to register a new partnership within 30 days from the date of reservation. Reservation can be extended for a further period of 30 days upon submission of name reservation extension form and fee, however reservation can only be extended twice after the initial reservation. Further extension of name reservation will require Registrar's consent.

### **Choosing a partnership name**

There are certain restrictions, controls and requirements for approval of certain words and expressions when used in a partnership name. It includes guidance on name endings and partnership type; similarity to existing names; names that imply a connection with any part of government; punctuation and permitted characters; and sensitive words and expressions.

Company Regulations require that, when a partnership chooses a name, either on incorporation or on change of name, the name must not be the same as – or too similar to – one already registered by another entity; nor, without justification or special permission, the name include certain words or expressions that are considered sensitive, like "Government" or "UAE". If any of these words will be used, a copy of approval to use such words issued by the relevant authority must be submitted to the Registrar at the time of reservation of name or registration of the partnership.

Before choosing a name you should use Registrar's Company and Partnership name search to ensure your chosen name is not the 'same as' an existing name of any entity established in the ADGM. You should also check existing trademarks by contacting the Ministry of Economy and/or similar office in other jurisdictions to ensure that the proposed name does not infringe an existing trademark/trade name.

**The name must not contradict the provisions set out in the Business and Company Name Rules 2015.**

### **Things to remember in choosing a proposed partnership name**
